The objective of this portfolio is to provide investors with long-term capital growth through equity centric investments. The portfolio aims to outperform CPI+5% over any rolling 5-year period and is aimed at the high risk investor as it has a flexible mandate. This portfolio does not comply with Regulation 28 due to the high allocation to equities.

*Returns are net of Total Investment Charges (TIC) and for periods greater than one year the returns have been annualised. Post launch returns are simulated based on the current weightings of the initial investment on the selected Platform, where applicable.
 **The weighted TIC of underlying funds is calculated using the latest available TIC of the underlying funds and their static weightings at month end on the selected Platform. This will vary daily as the actual weightings of the underlying funds fluctuate.

The abovementioned fees include VAT but exclude Investment manager, Financial Advisor, Consulting and Platform fees.
